Gypsophila

Delicate Fillers for Elegant Bouquets

Florance Flora's Gypsophila young plants offer airy white clusters, perfect for enhancing arrangements with sustainable, high-quality filler flowers.

Gypsophila young plants provide delicate, cloud-like blooms, ideal for fillers in professional floristry. Florance Flora ensures sustainable growth and consistent quality.

FEATURES	DETAILS
Flower Type	Clusters
Colors	White
Vase Life	7-10 days
Suitability	Fillers, dried arrangements

Minimal Watering

Water Gypsophila sparingly and place in full sun for delicate, airy blooms.

Delicate Beauty

Gypsophila's tiny white flowers create a soft, cloud-like effect in arrangements.

Wedding Favorite

Use Gypsophila as a filler in bridal bouquets or centerpieces for a romantic touch.
