Limonium

Perennial Fillers for High Productivity

Florance Flora's Limonium young plants yield tall, vibrant clusters, ideal for sustainable cut flower fillers in commercial markets.

Limonium young plants offer robust, blue-purple blooms on tall stems, perfect for perennial filler production. Florance Flora ensures quality and sustainability.

FEATURES	DETAILS
Flower Type	Clusters
Colors	Blue, Purple
Vase Life	12-15 days
Suitability	Fillers, bouquets

Sparse Watering

Water Limonium sparingly, allowing soil to dry out, and place in full sun.

Salt-Tolerant

Limonium thrives in coastal gardens, adding vibrant color to tough environments.

Dried Arrangements

Limonium's blooms are ideal for drying, creating lasting floral crafts.
